- Appeal from [REDACTED]

III. Review of course offering

- Technology
 - Discuss medium for next school year, FLVS vs traditional teacher
 - Discuss year course should be taken, 9th vs 12th
- High school Math course sequence
 - Sequence
 - Previous years: Algebra 1 (8th), Geometry (9th), Algebra 2 (10th), Intermediate Algebra (11th), Pre-Calculus (12th elective)
 - Current year, transition: Algebra 1 (9th), Geometry (elective), Algebra 2 (10th), Intermediate Algebra (11th), Pre-Calculus (12th elective)
 - Next year: Algebra 1 (9th), Geometry (10th), Algebra 2 (11th), Pre-Calculus (12th), alternative math elective (what should we offer)
 - Options for math electives
 - Keep Intermediate Algebra: Book cost is the main issue; No NAD approved books
 - Consumer Math: Most schools have stopped offering this as an option for college bound curriculums.
 - College Readiness: Issue will be finding an ebook
 - FLVS Lab: Allow the students to choose between FLVS options
